TheSitarProject
Equal Opportunities Policy

theSitarProject believes that all individuals have the right to an equal opportunity to participate in all aspects of society without discrimination on the grounds of age, faith or none, disability, gender, race or sexual orientation. We will do all we can to promote a climate of equality and inclusion throughout all of our activities.

theSitarProject ensures that everyone involved with the organisation is familiar with our core belief and challenges harassment or discrimination if it is encountered.

We will do all in our power to enable people to participate in our classes, workshops and concerts, including making adjustments and adaptations whenever necessary to meet the needs of individuals so that anyone who might benefit from our activities can participate.

And we work collaboratively with as many partner organisations as we can to enable as wide as possible range of people and communities to access our services.
